

LOADING AND UNLOADING INSTRUCTIONS FOR TRANSPORTERS

For loading and unloading it's required to park in the marked space and open both sides of the trailer, except for different provisions;

Wear safety shoes and a high visibility jacket;

During loading and unloading operations, don't stand where the forklift is operating;

Don't smoke during loading and unloading operations;

If you are waiting for loading or unloading, park the truck in the space communicated by the reception office;

Use the ladder, allocated in the dedicated space, to ensure loading or unloading;

It is forbidden to use the forks of the forklift to lift people.

Thank you
